

# Pioche Weekly Record

THURSDAY, JUNE 29, 1933.

## Arrival and Departure of Mails.

**PIOCHE AND MILFORD.**  
Arrives daily, except Monday, at 6:30 p. m.  
Departs daily, except Sunday, at 8:30 p. m.

**PIOCHE AND ELY.**  
Arrives Tuesday and Saturday, at 6:45 p. m.  
Departs Monday and Friday at 8:00 a. m.

**PIOCHE AND HIKO.**  
Arrives Tuesday and Friday at 6:00 p. m.  
Departs Saturday and Wednesday, at 10:00 a. m.

**POSTOFFICE HOURS.**  
8 A. M. to 7 P. M.  
SUNDAYS.  
6 P. M. to 7 P. M.  
No money orders issued or letters registered after 6:30 p. m. and none on Sundays.

## LOCAL INTELLIGENCE.

**Subscribe for the RECORD.**  
Come to Pioche on the 4th and help us celebrate.

Consult the advertisements under the head of "New To-Day."

Frosted fancy drinks at the Palace.

There will be a grand celebration of the Fourth at Panaca.

The Palace is the coolest and pleasantest resort in town.

Jos. Ronnow and Etta Atchison will be married this evening in Panaca.

If you want a dozen bottles of assorted Soda or Sarsaparilla at \$2.50, call at Thompson's.

Duncan McDonald and family have removed from Taylor to Pioche, where they will hereafter reside.

For fine family liquors, call at the Palace.

W. S. Godbe, manager of the Bullionville Reduction Works, was in town yesterday.

Alex. Thompson has just received a carload of Salt Lake Bottled Beer, Soda and Sarsaparilla, which he is rapidly disposing of.

Schuman, the photographer, is now ready to take photographs in the highest style of the art at his tent on Meadow Valley street. His stay will be short.

J. B. Wheeler, foreman of the P. C. Co., who had one of his feet injured at the fire last week, is able to be around again with the aid of a cane.

For a fine cigar call on Sam E. Wertheimer.

The public school closed yesterday. Prof. Ogden, the principal, departed for his home in California on last evening's Milford Stage.

"It has cured others and will cure you," is true only of Ayer's Sarsaparilla. The motto suits the medicine and the medicine the motto. What better assurance could you have that a remedy will cure you, than the fact that it has cured such multitudes of others?

Step in and keep cool at the Palace.

We have received a copy of the Millard County Blade, another new venture in the newspaper field of Utah. It is a neat, 6 column folio, all home print, and starts with encouraging patronage.

## Mining Location Notices for sale at this office.

The house of S. E. Wertheimer has secured the exclusive handling for this section, of the celebrated McBryer whisky.

Vincenzo Fogliana, a well-known cattleman of Spring Valley, departed on Tuesday evening's stage, bound for the World's Fair.

Fancy ice cold drinks at the Palace.

If afflicted with scalp diseases, hair falling out, and premature baldness, do not use grease or alcoholic preparations, but apply Hall's Hair Renewer.

When a young man tips his hat to a mother and daughter on the street he always keeps his eyes on the girl.

The only cold air refrigerator in town is at Wertheimer's sample rooms and all liquors are correspondingly cold.

An exchange says that ladies this summer will wear green shoes and green gloves and the Logan Nation wants to know if that's all.

Salt Lake Beer at Thompson's, at the low price of \$2.50 for a dozen bottles.

M. E. Evans, the well-known dealer in sporting goods in Salt Lake City, has an advertisement in this issue of THE RECORD. His stock of cutlery, sporting goods of all kinds, goods for prospectors, rifles and revolvers, cannot be excelled. He makes a specialty of base ball goods, bicycles, and his prices will be always found reasonable.

The cities of the East are closing their banks daily. That would be all right if the poor devils of depositors could only have a show. But the bankers shut up shop without a moment's warning, and simply announce that there is no money in the bank to redeem outstanding checks. Now here in Pioche no such villainy prevails. All our banks—faro—redeemed every check presented and when the last one closed—about three months ago—the feeling between the bankers and their former depositors was of the most friendly kind. Quite a contrast between the bankers of Pioche and those of the effete East.

## PIOCHE AND MILFORD.

The finest bar liquors in the country are dispensed over the Palace bar.

The Salt Lake Tabernacle choir will visit the World's Fair in September.

Jim Ryan, the original discoverer of the Horn Silver mine at Frisco, Utah, died in Chicago last week.

The celebrated McBryer whisky is the finest in the world. Families supplied. S. E. Wertheimer has the sole handling of this famous whisky.

The great Chicago Derby was run last Saturday in the presence of 75,000 people, and Boundless won the race. Over \$800,000 changed hands on the result.

A reproduction of Brigham Young's famous Eagle Gate at Salt Lake City is in front of the entrance to the Utah building at the World's Fair.

California will establish quarantines in eastern Arizona, in California west of Yuma on the Southern Pacific, and on the Oregon State line, if cholera appears in New York.

"You may bring a small portion of Celtic disturbance," said the Boston girl. "A which?" asked the astonished waiter. "Irish stew, you stupid!" answered she.—Tid-Bits.

Alex. Thompson is providing for the wants of the people of Pioche during the warm weather, having just received a carload of Salt Lake Beer, Soda and Sarsaparilla, which he is disposing of at \$2.50 for a dozen bottles.

Mrs. John Runder of Beaver Brook, N. J., is only sixteen years old, but last Sunday she gave her hard working husband a delightful surprise by presenting him with four offspring at a single effort.

## JOE PRINTING in all its branches, equal in style to any, done at this office.

First Tramp—I found this 'ere bottle of spring bitters 'in a bar' this mornin'.

Second Tramp—Trow it away, Fitzey. Spoken day was to cure you of 'dat tired feeling.' You might want to work.—Puck.

The weather for the past few days has been all that could be desired by the most fastidious. The days are just warm enough to be comfortable, while the nights are cool and refreshing. Nevada is a world-beater when it comes to climate.

When the blood is loaded with impurities, the whole system becomes disordered. This condition of things cannot last long without serious results. In such cases, a powerful alternative is needed, such as Ayer's Sarsaparilla. It never fails, and has no equal.

"He isn't in it," is an expression it is said which was used by an editor who died and went to heaven and looked around for the man who took his paper for three years and died forgetting to pay for it. The man was not there; he had gone to the other plane.

Labor circles in Salt Lake are agitated over the circulation in San Francisco and Omaha of announcements that laborers by the thousands are needed in the vicinity. The object is to crowd the town with men, so that a few snide contractors can get cheap labor.

The cigarette law of this State will go into effect next Saturday. The dealers here will not pay the license—\$150 per quarter—and the cigarette fends will have to procure their supply from abroad. The circuit court of the United States last week at Seattle, decided that the law conflicted with the Federal Constitution.

The San Francisco Chronicle World's Fair correspondent says that Lincoln County, Nevada, sent the first fresh figs of the season to the fair. They are on exhibition in the horticultural building, and although D. Bonelli of Rivoli, who sent them, claims that they are three weeks late, people will not believe they matured in the open air.

If you want to save money, when you need anything in the shoe line, you should send to Hirschman's, the great shoe house of Salt Lake. A handsome catalogue containing styles and prices, will be furnished on application, so that you can make a selection with about the same facility as if visiting the store, and special attention is given to orders by mail. Read the advertisement on this page of THE RECORD.

An eastern editor says that a man in New York got himself into trouble by marrying two wives. A western editor replies that a good many have done the same by marrying one. A northern editor says that quite a number of his acquaintances found trouble through barely promising to marry and not going any further. A southern editor says that a friend of his was bothered enough when he was simply found in company with another man's wife. And an Arizona editor had to take to his heels for only telling the truth about a wife's husband.

The finest clothing and gent's furnishing house in the Western country has an advertisement in to-day's RECORD. It is located in Salt Lake City, in the elegant Commercial Block on East Second South street, and is owned by Geo. Mullett & Co. It is the recognized fashionable clothing house of the city, and nothing but the finest goods and the latest styles are dealt in. Mullett & Co. are agents for the well-known "Dunlap" hat, which is considered to be the correct head covering. Their prices are low, and to orders by mail special attention is given, so that customers will be pleased with the selection the house makes for them.

## Grand Lodge, I. O. O. F.

The Grand Lodge of I. O. O. F. of Nevada convened at Carson on the 20th. There was a large attendance, every lodge in the State, except Pioche and Tuscara, being represented. The following grand officers were elected: William Reed of White Pine county, grand master; J. R. Shaw of Lyon, D. G. M.; Edgar Reinhardt of Elko, grand wardens; L. Guggenheim of Storey, grand secretary; J. A. Hunteon of Lyon, grand treasurer; C. E. Mack of Storey and B. F. Riley of Humboldt, grand representatives; Richard Kerman of Storey, J. J. Becker of Washoe and J. K. Batchelder of Storey, grand trustees.

The next session of the Grand Lodge will be held in Virginia City on the third Tuesday of next June.

The following elective and appointive officers of the Grand Encampment were chosen: Grand Patriarch, Albert White, Reno; Grand High Priest, Benj. Currier, Reno; Grand Senior Warden, John Hibbs, Elko; Grand Scribe, H. A. Guggenheim, Virginia; Grand Treasurer, J. A. Hunteon, Dayton; Grand Junior Warden, Charles Ferraris, Eureka; Grand Representative, Gott Haist, Virginia; Grand Sentinel, G. K. Kendall, Reno; Deputy Grand Sentinel, H. A. Ficks, Virginia; Grand Marshal, S. Jacobs, Reno.

A Benefactor, indeed.

The works at Bullionville, Nevada, are infusing new life into a district that has suffered much from the iniquitous law of 1873, and the lack of transportation facilities. Just now the company is giving employment to the freighters who are hauling salt from Milford to the works, and wood from the mountains to feed the engines that run the plant. These men are scouring the settlements for hay, grain and provisions, thus making money more plentiful where before it had been a rarity. Such men as W. S. Godbe, who heads this enterprise, are a blessing to any community, and the people in Lincoln county owe him much.—Salt Lake Mining Journal.

Examination of Teachers.

The Uniform Examination Law passed by the last Legislature provides that the examinations for teacher's certificates shall begin on the first Monday in January and July. The first examination under the law will begin Monday July 3. The Carson News says that the State Board of Education has prepared questions for the examinations, which will be forwarded to the several county superintendents in time for the examinations in July.

FIRE SALE.

A fine upright piano for sale at a bargain. Enquire of Mrs. A. Werner, Pioche, Nevada.

At the semi-annual election of officers of Pioche Lodge No. 26, I. O. U. W., held last evening, the following were chosen for the ensuing term: Master Workman, J. B. Wheeler; Overseer, John Ewing; Foreman, J. A. Jacobson; Financial, Wm. DeFries; Receiver, Frank McMahon; Recorder, B. C. McDonough; Trustee, W. J. Deoley.

## PIOCHE AND MILFORD.

Pioche will celebrate the Fourth in a lively manner. There will be the usual firing of salute in the morning, our brass band will render fine selections during the day and evening, a grand parade will take place, and then a meeting will be held at Thompson's opera house. J. R. Hoag will preside, and Herman Freudenthal will act as marshal of the day. Judge Geo. S. Sawyer will deliver the oration.

In the afternoon a fine programme of field sports will take place. All in all, Pioche will celebrate the nation's holiday in an enthusiastic and patriotic manner, and everybody in the surrounding country is cordially invited and expected to participate in the ceremonies of the day. A grand ball and display of fireworks in the evening will end the festivities.

**DEATH OF A BRAVE MAN.**

Mike Tovey, express messenger of Wells Fargo & Co., between Lone and Jackson, California, was shot and instantly killed on the 15th inst., by a highwayman who attempted to rob the stage.

Tovey was noted for his bravery, and all the stage robbers on the Coast knew and feared him. He had participated in many encounters with the "road agents," and carried three wounds on his body received in encounters with them. He was the messenger on the stage that was held up near San Andreas nearly a year ago, when a lady school teacher was killed by the highwaymen.

Upwards of twenty years ago Tovey was an express messenger on the Carson and Bodie stage when it was stopped by two notorious highwaymen, Dow and Sharp. Tovey slipped out the back of the coach, which was filled with passengers, and shot Dow dead in his tracks. He was then disabled by a bullet from Sharp's rifle, after which the latter fired several shots into the coach to kill or intimidate the passengers. He then robbed the coach of its treasure and escaped.

Sharp was afterward captured, and served about twenty years in the penitentiary at Carson. He was released not long ago.

J. W. Palmer, of the Nevada hotel here, who then resided in Bodie, was one of the passengers on the stage which was held up by Sharp and Dow. The highwaymen did not molest the passengers, Wells Fargo & Co.'s treasure box being what they were after. Sharp is suspected as being the person who killed Tovey, as he was heard on different occasions to say that he would some day avenge the killing of Dow and the injuries done himself.

## HELENS NOTES.

Five men are working in the Magnolia and seven in the Monitor.

Alden Ferguson came over from Hiko Monday and returned Tuesday.

Frank Wilson has bought out Harry Lawry's interest in the well above town.

Charles Turner came in on Monday's stage. He is going to work on the April Fool.

Frank Wilson left for Pioche on Tuesday's stage. He will spend the Fourth with his family in Eagle Valley.

A big strike was made in the Flagstaff Monday. The ore is of high grade and the ledge is about eight inches wide.

The boys are going to celebrate here on the Fourth. David Wertheimer has ordered fire crackers for the celebration.

Teams are wanted to haul ore from the Monitor to Milford. As many teams as come can get loading from the Monitor.

Earnest Godbe came in Tuesday afternoon in company with Mr. Yeardley, the son of the Pioche merchant. Mr. Godbe has come down to look at the Monitor and Magnolia mines.

**Choles Dry Goods.**

The advertisement of the Cohn Dry Goods Company of Salt Lake City appears in to-day's issue of THE RECORD. They have a large stock of the choicest dry goods, which are offered at exceedingly low prices. Their line of dress-goods is incomparable, their Summer wear the finest, and the shelves are teeming with the latest novelties. The Cohn dry goods house is one of the oldest, largest and best known in the intermountain country. They make a specialty of orders by mail. A perusal of the partial list of prices given this week will be of interest to the ladies, and it is only a sample of the prices which prevail in all departments of this establishment.

Foster, the weather prophet, predicts another storm on the 30th, and that a cool wave will reach us about the 2nd of July.

The first wife of Brigham Young is in Chicago, with her daughter, taking in the sights of the exposition. She is described as a sweet-faced woman, of dignified bearing, kindly gray eyes and gray hair. She is seventy-two years old.—S. F. Bulletin.

The present dressmaker's device of balloon shoulders was denounced as long as the time of Ezekiel, that prophet having uttered the solemn warning: "Thus saith the Lord God: Woe to the women who sew pillows to all armholes!" The doubting can verify this curse by turning to Ezekiel xlii, 18.

The Salt Lake Tribune says that "Jeese W. Crosby, Sr., a Mormon pioneer, died at Panguitch, Garfield county, on the 11th inst. aged 72 years. Mr. Crosby was one of the original settlers and property holders in the seventh ward of this city. In 1880 he was called on a mission to St. George, to help settle southern Utah, and responded. For the past seven or eight years he had resided on the Muddy, in Lincoln county, Nevada."

The Taylor & Brunton Ore Sampling Co. of Salt Lake City has an advertisement in this issue of THE RECORD. This company since it commenced operations has by fair dealing received a great portion of the ore for sampling sent to Salt Lake City. Every carload of ore shipped from this section this year has been consigned to them, shippers knowing that the full value of the ore would be returned. The opening of the Taylor & Brunton works was a bright day for the producers who ship their ore to Salt Lake City.

## A GREAT DECLINE IN SILVER.

Tuesday afternoon a dispatch was received in town announcing that silver had fallen to the extraordinary low figure of 73 cents per ounce. This news was somewhat startling and became the sole topic of discussion among our citizens, and remarks anything but complimentary to Cleveland, Sherman, et al., were indulged in. Wednesday the interest was so great that a telegraphic dispatch was sent to Salt Lake inquiring for particulars. When the answer came announcing that the closing of the India mints was the cause, and that the white metal had suffered a further decline, being quoted at 69 cents, maledictions were heaped upon the infamous gang of sharks who have brought silver to such a price and the country to its present condition.

This is a crushing blow to the silver industry and will result in the shutting down of every silver mine in the United States. But while it will cause disaster to the country, and especially to the West, it will be the means of settling in a speedy manner, one way or the other, the standing of silver in the world, and the sooner the matter is settled the better it will be for all.

President Cleveland has called an extra session of Congress for the 4th of September, and then the real battle will commence for the supremacy of the People or the devil-fish who have had America in their tentacles for the past twenty years.

**HELENS NOTES.**

Five men are working in the Magnolia and seven in the Monitor.

Alden Ferguson came over from Hiko Monday and returned Tuesday.

Frank Wilson has bought out Harry Lawry's interest in the well above town.

Charles Turner came in on Monday's stage. He is going to work on the April Fool.

Frank Wilson left for Pioche on Tuesday's stage. He will spend the Fourth with his family in Eagle Valley.

A big strike was made in the Flagstaff Monday. The ore is of high grade and the ledge is about eight inches wide.

The boys are going to celebrate here on the Fourth. David Wertheimer has ordered fire crackers for the celebration.

Teams are wanted to haul ore from the Monitor to Milford. As many teams as come can get loading from the Monitor.

Earnest Godbe came in Tuesday afternoon in company with Mr. Yeardley, the son of the Pioche merchant. Mr. Godbe has come down to look at the Monitor and Magnolia mines.

**Choles Dry Goods.**

Every carload of ore shipped from this section this year has been consigned to them, shippers knowing that the full value of the ore would be returned. The opening of the Taylor & Brunton works was a bright day for the producers who ship their ore to Salt Lake City.

## NEVADA NOTES.

The Tribune says that Carson for the first time in thirty years is without a faro game.

Geo. Crum, an old resident of Battle Mountain, is dangerously ill, and his recovery is doubtful.

The Chronicle says that several residents of Virginia City have been held up lately on the dark streets by boys.

The Candelaria Deings says: White people are going out of here very fast, but the Chinese are coming in about as fast.

The Reno people are making great preparations for the Fourth of July celebration. They want everybody in the State to join them.

G. W. G. Esrie, who designed the Ferris wheel, which is one of the attractions at the World's Fair, is a Nevada boy, raised in Carson.

On Monday last James Rowe, a man who has lived in Austin for many years, died at his home in this place, of minor's consumption.—Reno.

Battle Mountain was visited by a fire last Saturday. The Nevada says that five dwelling houses burned to the ground, all being occupied at the time except two.

The Chronicle records the death of James Singleton, a pioneer resident of the Comstock and owner of the Singleton house, Virginia City. Also the death of Mrs. Eliza O'Rourke, who lived on the Comstock many years.

Carson's population is exercised over the appearance of a heavily veiled woman who nightly appears on Capitol square and dogs the footsteps of pedestrians, but never raises her veil or condescends to utter a word when accosted.

The Silver State says there is no prettier town on the railroad than Winnemucca. Trees grow luxuriantly and the lawns are of the greenest yet a few years ago the town site was a sandy waste on which sagebrush could scarcely take root.

Virginia City is to have a squaw race on the Fourth of July as one of the attractions. The Chronicle says the race will be worth coming a long way to see. The costumes of the feminine sprinters has not been published yet, but the chances are they will be decidedly de-colate.

Superintendent Frank Rockwell, of Wells Fargo's express, came up Sunday evening to deal this sick camp a blow under the belt by closing the office here, but happily it was warded off for the present.—To keep pace with the declining business and make both ends meet, the Elko and Tuscara Stage Company has reduced its force on the road and changed things around generally. All the hostlers have been let out, and drivers have to attend to their own teams.—Tuscara Times-Review.

## DR. PRICE'S BAKING POWDER.

SUPPLYING THE ARMY, NAVY AND INDIAN DEPARTMENT.

The purchasing agents of the United States Government have ordered nearly one hundred thousand pounds of Dr. Price's Baking Powder in the first five months of this year.

The Government exercises great care in selecting its supplies of all kinds, rejecting everything that is not of the best, and the very fact that it has adopted Dr. Price's Baking Powder is proof that it has found it the best of all the baking powders. Dr. Price's is peculiarly adapted for export, as neither long sea voyages nor climatic changes affect it, this brand keeping fresh and sweet for years while other baking powders deteriorate rapidly.

It is guaranteed to the Government to be a pure cream of tartar powder free from ammonia, alum, or other harmful substances, and it is also the only baking powder prepared by a physician of high standing.

N. P. Dooley had the enterprise to send for a large stock of fireworks, which arrived this morning.

The suspension of banks and business houses still continues throughout the country, and all on account of the efforts of persons who are known as bankers and gold bugs to contract the currency.

The people of Pioche extend an invitation to the people of the adjoining settlements to be present and help celebrate the Fourth. The different committees on the celebration of the day have been very active during the past week and everything on the programme promises to be carried out in splendid style.

It would not be healthy for old Sherman or Cleveland to be found just now in this camp, judging from some of the expressions heard. One person remarked that a second Giteau was now in order, while another said that he hoped the Messiah would come on earth again, and this time instead of scourging the usury rascals with rods, driving them out of their dens, he would use a Winchester or a Gatling gun and drive them off the face of the earth.

## NEW TO-DAY.

**COHN DRY GOODS CO.**

## DR. PRICE'S BAKING POWDER.

SUPPLYING THE ARMY, NAVY AND INDIAN DEPARTMENT.

The purchasing agents of the United States Government have ordered nearly one hundred thousand pounds of Dr. Price's Baking Powder in the first five months of this year.

The Government exercises great care in selecting its supplies of all kinds, rejecting everything that is not of the best, and the very fact that it has adopted Dr. Price's Baking Powder is proof that it has found it the best of all the baking powders. Dr. Price's is peculiarly adapted for export, as neither long sea voyages nor climatic changes affect it, this brand keeping fresh and sweet for years while other baking powders deteriorate rapidly.

It is guaranteed to the Government to be a pure cream of tartar powder free from ammonia, alum, or other harmful substances, and it is also the only baking powder prepared by a physician of high standing.

N. P. Dooley had the enterprise to send for a large stock of fireworks, which arrived this morning.

The suspension of banks and business houses still continues throughout the country, and all on account of the efforts of persons who are known as bankers and gold bugs to contract the currency.

The people of Pioche extend an invitation to the people of the adjoining settlements to be present and help celebrate the Fourth. The different committees on the celebration of the day have been very active during the past week and everything on the programme promises to be carried out in splendid style.

It would not be healthy for old Sherman or Cleveland to be found just now in this camp, judging from some of the expressions heard. One person remarked that a second Giteau was now in order, while another said that he hoped the Messiah would come on earth again, and this time instead of scourging the usury rascals with rods, driving them out of their dens, he would use a Winchester or a Gatling gun and drive them off the face of the earth.

Table Appointments equal to anything in town.

**EVERYTHING NEAT AND CLEAN**

## NEVADA NOTES.

The Tribune says that Carson for the first time in thirty years is without a faro game.

Geo. Crum, an old resident of Battle Mountain, is dangerously ill, and his recovery is doubtful.

The Chronicle says that several residents of Virginia City have been held up lately on the dark streets by boys.

The Candelaria Deings says: White people are going out of here very fast, but the Chinese are coming in about as fast.

The Reno people are making great preparations for the Fourth of July celebration. They want everybody in the State to join them.

G. W. G. Esrie, who designed the Ferris wheel, which is one of the attractions at the World's Fair, is a Nevada boy, raised in Carson.

On Monday last James Rowe, a man who has lived in Austin for many years, died at his home in this place, of minor's consumption.—Reno.

Battle Mountain was visited by a fire last Saturday. The Nevada says that five dwelling houses burned to the ground, all being occupied at the time except two.

The Chronicle records the death of James Singleton, a pioneer resident of the Comstock and owner of the Singleton house, Virginia City. Also the death of Mrs. Eliza O'Rourke, who lived on the Comstock many years.

Carson's population is exercised over the appearance of a heavily veiled woman who nightly appears on Capitol square and dogs the footsteps of pedestrians, but never raises her veil or condescends to utter a word when accosted.

The Silver State says there is no prettier town on the railroad than Winnemucca. Trees grow luxuriantly and the lawns are of the greenest yet a few years ago the town site was a sandy waste on which sagebrush could scarcely take root.

Virginia City is to have a squaw race on the Fourth of July as one of the attractions. The Chronicle says the race will be worth coming a long way to see. The costumes of the feminine sprinters has not been published yet, but the chances are they will be decidedly de-colate.

Superintendent Frank Rockwell, of Wells Fargo's express, came up Sunday evening to deal this sick camp a blow under the belt by closing the office here, but happily it was warded off for the present.—To keep pace with the declining business and make both ends meet, the Elko and Tuscara Stage Company has reduced its force on the road and changed things around generally. All the hostlers have been let out, and drivers have to attend to their own teams.—Tuscara Times-Review.
